

BOARD OF DEACONS MEETING

MINUTES, NOVEMBER 2, 2009

I. MEMBERS PRESENT: Bob Alderson, John Anderson, Dave Anderson, Justin Anderson, Mark Burns, Glen Campbell, Jim Dally, Don Hall, Allan Jaenecke, Bill Manthey, James Ralston, Greg Wadlow, Randy Wright.

II. OPENING: John led in prayer to open the meeting.

III. APPROVALS: The minutes of the October 6 meeting were accepted as distributed, and the agenda was adopted.

IV. SECURITY/HARVEST DAYS: John thanked everyone who participated in the Harvest Days event, which was very well attended. The presence of the SERT team was very evident. The use of the new radios was appreciated. Allan had secured nine portable lampstands, which were also appreciated. At present, thirty men are part of the SERT team.

V. HARVEST DAYS CONCERNS: Traffic flow could have been improved if three guides had been available for each aisle and if exit signs were clearer. Perhaps parking spaces on Armstrong Way should be marked for the event. We should investigate using the vacant lot off Armstrong Way for the one night. Workers at the event should be asked to park away from the church. There were complaints about the music inside the FLC drowning out conversation. Allan has learned how to rent equipment from Hertz at reduced rates, using the internet.

VI. PROJECT LIST: It is necessary to prune the trees in the islands on the north and south sides so that more limbs will not break off. Dave will head this project. The water line to the islands on the north side was cut some time ago. Greg agreed to look into the problem.

VII. WEEKEND DUTY LIST: November: Allan, Kirk, and Greg. December: Bob, Mark, and Don.

VIII. WORK DAY, November 14: Don and Glen outlined the various projects that are being planned. Radios will be available for each of the team leaders.

Respectfully submitted,

Bill Manthey
